## Bronze Award

Community Service Project for our Local Military Troops

Bronze award project by Diandra in Troop 31424

I have a lot of love and respect for our service men/women who serve and protect us. My uncle served a year in Iraq and 15 months in Afghanistan with the US Army. We would send him care packages a couple times a month. He used to share his packages with all of his buddies that were with him. He said so many men/women don't receive any packages from home. There is a group of local military families that send out care packages 4 times a year to our local troops who are deployed overseas. I would appreciate if you could help me gather some items to send on the next pack out (June for 4<sup>th</sup> of July deliveries).

Some suggestions are:
